In Fairy Land.

The presentation of Zozo, the Magic Queen at The Garland last night was witnessed by an appreciative audience. The performance was worthy of a packed house. It is a story of fairy land, with imps and goblins galore, and scenic effects were magnificent and entertaining. The parts were well sustained, and the gentlemen who filled the parts of mortals who had been cast upon the fairy isle by shipwreck, won unbounded applause. The drill by the young ladies was grand, each going through with precision and carriage that made the scene most captivating. The songs too and the musical features of the programme were excellent, and in fact, the entire performance was creditable and brilliant.

Struck It Rich.

El Paso, Oct. 16.—A special to the Tribune from Carriso, Tex., a small town 100 miles east of here on the Texas and Pacific Railway says: This has been a gala day in the Carriso mining district by a rich find in the new shaft in the Hazle camp. At a depth of 200 feet, an 18 inch vein of the purest wire silver has been struck and it is admitted by Manager Clifford, an old experienced miner, to be by far the richest find he ever saw. The entire camp is wild with the highest enthusiasm. The men are gathering lumps for scarf pins and other silver mementoes. This will add largely to the El Paso smelter, which is now running to its fullest capacity. Western Texas is destined to be a reliable mining district for the future.
